

How to Understand the Information from School..?
We Can Help You..!

Does your child attend a Japanese School?

Does your child know how to study and prepare for School?

Does your child know how to approach the teacher?

Do you need help to understand the brochures you receive from School?

We can help you with all that...! We support you to read the school information and help you understand and follow the Japanese school procedures. We can guide you with what all entrance exams your child needs to take from Elementary School until the University.
